

WHERE AMERICA GOES EUROPEAN NATIONS FOLLOW LIKE LEMMINGS

THE PERISHING WHITE RACE IN AMERICA

by Marilyn Allen 1972

A derisory salute to the "see nothing, hear nothing, know nothing, do nothing" American WHITE RACE!

With the exception of the few who stand tall and true, the so-called white Christian race in America has submitted tamely to the insults, indignities, injustices and denigration inflicted upon it. Actually it is not the red and black revolutionaries who have lost us our country, constitution and freedom -- but rather the spineless white Christian majority, by their sins of OMISSION, and failure to rally round the cross and the flag! It is most responsible for the decline and fall of the American Republic and its noble dream for the uplifting of mankind.

In our present polluted political atmosphere of "equality" (more for some than for others), it is accepted as right, natural and proper for the black militant racists always to act and especially to "bloc vote" for their own kind: to demand special privilege for themselves to receive favouritism in government jobs over the majority whites, and greater leniency from the law when caught in misdeeds what a sin for the whites to stand up for their own kind, and particularly for their children! All coloureds favour their own kind. Organised Zionist Jewry is vociferously for itself, even to dual nationality and privileges when claiming Israeli and American citizenship jointly.

Even animals run with their own kind, observing God's law of segregation and purity of type and species. But not the stupid brainwashed and subverted whites. They ignore Gods laws as well as the common-sense laws which for thousands of years have ensured our national and racial survival. In an unthinking state they ignore the basic instinct of self-preservation for their own kind implanted in them by nature.

Only the lowest-grade humans break that fundamental law. Author Madison Grant well and truly titled his book, "The passing of the Great race."...meaning the God ordained leadership white race which was to serve him. This pre-eminent Founding race in America has yielded up all of its natural prerogatives, rights and obligations as the leading race, under communistic so-called laws and pressure purposefully designed to homogenise and destroy the white race. The number 1 objective in the Communist Party platform (since 1928) for the subversion of America has always been race-mixing -- which invariably betrays and destroys.

White race stupidity and cowardice is filling our land with evil, violence and lawlessness. Venal politicians have made of once-white America a pot pourri of mixed races, with which politicians consort and make agreements with, including even anti-Christ nations displeasing to our creator. They have manoeuvred our best and bravest youth into a fourth disastrous foreign war (under the heathen UN), and then left our captured heroes of Korea and Vietnam to rot year after year in filthy foreign prison-holes, from which few will ever return with their lives or health.

Benjamin Franklin

Traitors who run America today have said that due to his patriotism, foresight, integrity, ability and above all desire to serve the American people, Benjamin Franklin would stand no chance of being elected today. What does that say about senior politicians currently in office?

All intelligent Americans who follow the news well know how America is being purposefully delivered over to her enemies within and without and almost without a whimper from the populace, who are now bound servants to hypocrisy and treason.

Senior citizens who are being forced to scrape the bottom of the barrel under this sort of alien rule, gasp in horror over the coming fate of this once-proud and land. No country remains free whose people do not treasure their freedom, and do not valiantly contend for it as the breath of life. Unfortunately, all the documented truth and warnings proclaimed for many years by the smear-called "anti-Semitism" have now become a reality -- mainly because the so-called "Christians" slumbered and slept, even as their Lord is knocking at their door. As it is written these are "the people who will have no oil in their lamps" when the bridegroom cometh."

The final paragraph is written in a way that only committed Christians will understand, so we will paraphrase it.

There are numerous government-introduced evils which now affect society. They will lead to great troubles, wars and turmoil on a scale which the world has never before seen. When that dreadful time comes, people will be judged by themselves, their families, their nation and if you are a believer, before God. One will have been able up to that time to ignore events and pretend they are not his concern. But the day will come when they are every-ones' concern. Better on that day to proclaim I stood for what was right and opposed evil, rather than have to admit that through inaction and indifference one helped the Devil.
